

REMARKS

This Supplemental Amendment is being submitted to correct an error in the previous Amendment filed June 23, 2009 and an error in the specification as filed. Specifically, the compound of Example 1 is correctly “methyl 3-(4-benzyloxyphenyl)-2-methoxyacrylate” as in the specification as filed and “methyl methoxyacetate” is added in the described synthesis. See also Synthesis Example 3 in which “methyl methoxyacetate” is employed. The present amendments to the specification are made to correct an obvious error. No new matter is presented.

Entry of the Supplemental Amendment is respectfully requested.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

Respectfully submitted,

/Sunhee Lee/
